SEL Word: Perseverance

Team Members: Ashe, Maiya, Sam, Renz

Materials: N/A

Opening/Welcome (Name, Pathway, Grade Level)

Hi, my name is Ashe. I'm a senior in the pathway of Cybersecurity. Hi, my name is Samantha. I'm a sophomore in the pathway of Architecture. Hi, my name is Maiya. I'm a senior in the pathway of Cybersecurity. Hi, my name is Renz. I'm a senior in the pathway of Engineering. Today, we'll be doing an activity based on the word Perseverance. Perseverance means to have the continued effort to do or achieve something despite difficulties, failure, or opposition.

Word / Definition

Perseverance - continued effort to do or achieve something despite difficulties, failure, or opposition

Explanation of Activity (Give example of your own)

In today's homeroom, we'll be doing the human knot activity. If you don't know what the human knot activity is, it's a game where everyone stands in a circle and grabs hands with 2 different people that are not next to them. This should make a knot with every participants' arms and the goal of this activity is to untangle the knot without letting go of each other's hands.

Closing/Summarizing how to practice the word

This activity practices perseverance as you guys stuck through the difficult task of untangling yourselves and were hopefully able to do so successfully. This activity demonstrates perseverance is about making small fast decisions to solve this complex problem. A good way to practice this word is using the "5 minute rule" to keep going for 5 more minutes before you feel like quitting. It is important to exhibit perseverance in everyday life as it helps build resilience to bounce back from failures.
